

FAMILY ENGAGEMENT ON DEMAND

powered by Successful Innovations INC.®

EMPOWER PARENTS, ENHANCE OUTREACH, MEASURE RESULTS

Family Engagement On Demand uses the power of video modeling to provide parents with practical strategies and skills to support their child's learning.

WHAT CAN FAMILY ENGAGEMENT ON DEMAND DO FOR YOUR SCHOOL?

Easy to Use Interface

Our platform makes it easy for families to navigate the platform on their cell phone or laptop

Resources / Tools

Our platform has ready-made workshop resources to effectively plan, organize, and deliver motivating parent workshops

Engagement Anytime

Families can now engage because the platform fits into their busy schedules. They can feel connected and involved in their child's learning

Supports Stronger Relationships with Families

Use data from the family engagement dashboard to celebrate and recognize families for engaging with the platform at home.

HOW DOES FAMILY ENGAGEMENT ON DEMAND WORK?

Brief Learning Videos

Expand your outreach to families with brief learning videos in English and Spanish (PK-12) that families can view anytime / anywhere

Reports and Monitor

Built in accountability to provide your school or district with reports to monitor and support parents' engagement with the platform

Presentation Resources

Facilitate engaging parent workshops with ready-made workshop presentation resources to supplement each video (PowerPoint presentations, lesson plans, and supplemental resources)

Support for Teachers

Support teachers' capacity building on strategic family and school partnerships with our professional development videos, webinars, e-publications, and helpful tips and strategies
